River Park babies invited to Saturday parade at mall

River Park Hospital will host their 21st annual Women's and Children's Wellness and Health Fair on Saturday, May 9 at Three Star Mall from 9:30 a.m. until 2 p.m.

During the event last year, all babies that been born in our Family Birth Unit during 2007 were invited to participate in the first ever River Park Baby Parade. The parade was a success, allowing proud parents to show off their babies to all in attendance at the health fair.

Once again, all babies born in the River Park Family Birth Unit during 2008 are welcome to participate in the fun Baby Parade. This year's health fair will take place on the day before Mother's Day, providing an opportunity for all of our newest mothers to show off their little ones! River Park plans to make the Baby Parade a regular part of the Women's and Children's Health Fair each year.

The parade will begin at 1 p.m.. There are no dress requirements for the parade and participation in the parade is free. On the day of the event, parents will need to sign in with their baby at the registration table located next to the stage and then be ready to line up by 12:30 p.m.. Registration, line up and parade details are listed below.

The Family Birth Unit at River Park will give away two car seats in a random drawing from those who participate. Other door prizes will be given throughout the day. Any

Amber Golden introduces her daughter, Anora, to last year's crowd.

questions or additional information can be found by contacting the community relations coordinator, Ashley Wright, at 931-815-4349.

The Women's and Children's Health Fair has become a community tradition that draws a large crowd to the Three Star Mall every spring. Vendors at the health fair will include health care providers and family service organizations as well as representatives from local businesses, industries and community groups. Free health screenings, entertainment and activities will be available for the whole family.

WHO'S NEW

BABY BOY

Dakota Spencer Womack, first child of Angelica Brock and Jason Womack, was born March 25 at River Park Hospital weighing 7 pounds, 3 ounces.

He is the grandson of Tommy and Sharon Brock, and Jo David and Louise Womack.
